

General

1. Area Officers and Committee Chairs will be reimbursed for any reasonable expense incurred as a result of performing general service work that falls within the scope of their service position as defined in the *A.A. Service Manual, Area 75 Assembly Actions, Area 75 Handbook* or other A.A. service literature.
2. Area Officers and Committee Chairs will be reimbursed for mileage at a rate set forth in the Assembly Actions.

Budgets

1. Area 75 Officers and Standing Committees will submit a yearly budget at the beginning of each year. The budgets are submitted to the Area 75 Treasurer. The budget should be within 10% of the previous year's budget. If it is not, then the budget should come before the Area 75 Assembly for approval. Until budgets are submitted and approved, the current year's budget will remain the same as previous year's budget.
2. Area Officers and Committee Chairs are to manage their expenses in a manner that is consistent with their approved budget.
3. If, at any time during a given year, a need for additional money arises, the Committee Chair or Officer must present the need to the Finance Committee and then, with the Finance Committee recommendation, to the Assembly.

Oversight

1. The Finance Committee has responsibility for overseeing all financial concerns of the Area Committee including the reimbursement of funds to Area Officers and Chairs.
2. The Finance Committee can, by simple majority vote, deny reimbursement of any expense it deems inappropriate but the impacted officer or chair has the right to appeal the Finance Committee's decision by bringing the matter before the Assembly.

COVERED EXPENSES FOR AREA OFFICERS AND CHAIRS

Delegate

1. General Service Conference (all expenses paid by G.S.O.)
2. Southern Wisconsin Area 75 Conferences (expenses paid by Conference host)
